

FORMAL RATIFICATION OF SUFFRAGE AMENDMENT DECLARED IN PROCLAMATION ISSUED BY THE SECRETARY OF STATE

Historical Document Signed At
Eight O'clock Thursday A.M.

Suffrage Advocates Not Present
At Final Act

Confidence Expressed That End
Of Long Fight Has Come

(By Associated Press)

Washington, August 26.—The proclamation announcing the suffrage amendment to the constitution had been ratified by Secretary Colby of the State Department.

The document was signed at eight o'clock this morning at Mr. Colby's home, when the certificate from Governor Roberts that the Tennessee legislature had ratified the amendment, was received.

Secretary Colby announced his action on his arrival at his office later. The announcement disappointed a group of suffrage workers from headquarters of the National Woman's Party, who had gathered at the State Department hoping to be present when Mr. Colby attached his signature to the proclamation.

Miss Alice Paul, chairman of the party, was among the number. "We are confident that the signature of Secretary Colby completes the suffrage trouble in this country," she said.

The second name on the list was that of Dr. Jay G. Thomas, of Mt. Vernon, and third, Dr. Frank C. Anderson, of Cambridge.

The Board of Administration probably will appoint one of the three men this week.

HUNGER-STRIKE VICTIM GROWS WEAKER HOURLY

Lord Mayor of Cork Not Expected to Survive

Even if Release Comes Death Is Believed Certain

(By Associated Press)

London, August 26.—Terence McSweeney, Lord Mayor of Cork, despite two serious collapses last night, due to his critical condition resulting from his hunger strike in Brixton Jail, was brighter this morning when visited by Father Dominic, his private chaplain. He was too weak to speak more than a few words, however.

When told last night of King George's telegram replying to the appeal of Redmond Howard, nephew of the late John Redmond, urging clemency for Irish hunger strikers, Father Dominic said:

"I am glad, but I am afraid it is too late to hope for the Lord Mayor's recovery now. He is resigned to his fate."

Eighteen policemen were injured last night in a fight outside the Brixton Jail.

DEMOCRATS FUND WILL BE AIRED BY HAYS

National Chairman Of G. O. P. Promises "Startling Figures"

Announcement Staged For Chicago Next Monday

(By Associated Press)

New York, August 26.—It was stated at Republican national headquarters here today that Will H. Hays, national chairman, will give some startling figures regarding Democratic campaign funds in Chicago next Monday, when he testifies before the Senate committee investigating campaign expenditures.

Although none of the party's leaders would state the exact nature of the facts to be presented by Mr. Hays after answering Governor Cox's assertion that "millions have been contributed from sinister and corrupt sources in furtherance of a Republican conspiracy to buy an underhold on the presidency," the impression was given that they would deal with some sums raised by the Democrats since 1916, "greater than the Republicans have raised in the same period."

Governor Cox On Way to Pittsburgh Meeting

Says He Will Disclose Ample Evidence of G. O. P. Slush Fund.

(By Associated Press)

Enroute With Governor Cox, August 26.—Governor Cox today was traveling toward Pittsburgh, to deliver an address there tonight in which he promises to disclose ample evidence proving his charges of a Republican "corruption fund" exceeding fifteen million dollars.

No speeches were scheduled by the Democratic presidential candidate while enroute today to Pittsburgh from Evansville, Indiana, where he made three addresses yesterday, replying and amplifying his campaign fund charges and declaring he had "the goods to convict every mother's son" of the Republican leaders.

On his special car today, the Governor planned to prepare tonight's address from his vest pocket collection of papers, said to contain convincing proof of his charges.

STATE CHAIRMAN ASKS TO TAKE WITNESS STAND

(By Associated Press)

Columbus, O., August 26.—George H. Clark, Canton, chairman of the Republican State Executive Committee, today wired the Senate committee investigating campaign funds asking "the right to take the witness stand and under oath give a full accounting of the finances of the Republican state organization for the last eighteen months, covering my connection with it."

The telegram was directed to Senator Pomerene, Democratic member of the committee.

"As Ohio is the home of both presidential candidates, and the name of the state is being frequently mentioned by Cox in his extravagant statements, I think any investigation of his charges should begin with the state of Ohio," Clark said.

CHICAGO CUBS TO PLAY BALL FOR HARDING

Will Journey to Marion On September Second

Will Contribute Their Bit To Front Porch Campaign

(By Associated Press)

Marion, O., August 26.—The Chicago Cubs are to do their bit for Senator Harding's front porch campaign by coming to Marion on September 2 to play a free exhibition game with an aggregation of local semi-professionals.

The engagement was made today as a result of a chance remark by the Senator that one of the big handicaps of the front porch was his inability to see baseball games.

William Wrigley and A. D. Lasker, two of the chief owners of the Cubs and both connected with the publicity end of the Harding campaign, arranged for the trip and offered to loan the locals any Cub battery they might pick for the game. Tyler and O'Farrell have been selected.

Among those on Senator Harding's appointment list today were Senator McCall McCormick, Illinois, former Senator George Sutherland, Utah, and Myron T. Herrick, of Ohio, former Ambassador to France.

The new assistant secretary represented New Hampshire on the resolutions committee at the San Francisco convention and has taken a prominent part in the political life of his state for many years.

He was a member of the New Hampshire constitutional convention in 1900 and a candidate for Congress in 1916.

Secretary Daniels said Mr. Woodbury had "always taken a deep interest in the Navy and the question of naval enlargement."

VIEW OF EUROPE GIVEN BY HERRICK

Cleveland Man Just Home Visits With Harding

Says Position of Republicans Clearly Understood in Europe

Harding Denies He Will Attend State Fair Tuesday

(By Associated Press)

Marion, O., August 26.—The views of leading European statesmen regarding the present status of the league of nations were conveyed to Senator Harding today by Myron T. Herrick, former American Ambassador to France, who has just returned from a trip abroad.

Mr. Herrick said the position of the Republican party was fully understood abroad, and that there was no apprehension as to the result of an American foreign policy under direction of a Republican administration.

With Senator Harding, he went over at length the international situation, including the negotiations being conducted by Elihu Root and representatives of European nations, and formation of a world court.

Public reports that Senator Harding had agreed to attend the Ohio state fair Tuesday, Presidential Day, provided neither he nor Governor Cox should speak on political subjects, were denied today in a formal statement by the Republican nominee.

"In the first place," said Senator Harding, "I have never made any sort of an acceptance for a speaking engagement at the state fair."

"At no time have I made any reference to a probable attendance on the part of Governor Cox or any program he should follow during his attendance. I have absolutely no interest therein."

"I do have an interest in the success of the state fair, as does every other citizen of the state. I have not found it possible to arrange to attend because of other pressing matters of very great importance to me."

CAR TURNS OVER FIVE INJURED

Touring Car Thrown Into Ditch To Avert Collision When Dust Obscured Road.

Five Jeffersonville boys were injured, none seriously when a Ford touring car turned over in a ditch about one mile north of Milledgeville Wednesday afternoon.

Donald McKinnon, son of Rev. and Mrs. B. F. McKinnon had his left arm badly sprained, Ronald Bucher, who was driving the car, Howard Porter, Sam Eulitz, and Robert Janes, were badly bruised and scratched.

The boys were on their way to the I. O. O. F. Picnic at Milledgeville and were following in behind a care driven by Dr. F. E. Wilson of Jeffersonville. As they drew up behind him they did not see a car approaching from the opposite direction because of a cloud of dust thrown up by the Wilson automobile. Rather than strike the coming automobile the Bucher had turned his car into the ditch and it turned over and struck a telephone pole.

The car was almost totally destroyed and was shattered when it struck the pole.

The boys were taken to Milledgeville where their injuries were dressed.

ELSIE JANIS STARS AT THE COLONIAL

Elsie Janis, legitimate star and idol of the American soldiers, stars the last three days of this week in "The Imp," a Selznick picture, at the Colonial Theater.

Miss Janis has been before the public so long, and her ability is so well known both as an actress and a "gloom destroyer," that little remains to be said about her.

"The Imp" is a play admirably adapted to the talents of this star and tells the unusual and interesting story of a wealthy and deluded young girl who develops a mania for crime. It is not only a thrilling play, full of good comedy situations, but lends itself particularly to Miss Janis' talent for impersonation. An absorbing and romantic love story is woven into the play.

Scenically "The Imp" is a remarkable picture, the photography uniformly good and the stage settings among the largest ever built in a studio.

Matinees are put on Friday and Saturday.

CLINTON CLUB NEXT SUNDAY

Fourth Meeting of Wilmington and Washington Ball Clubs Occurs Next Sunday at Sunnyside Park.

For the Fourth time this year the Washington Athletics and the Wilmington Clintons will meet on the baseball diamond when they clash at Sunnyside Park next Sunday afternoon.

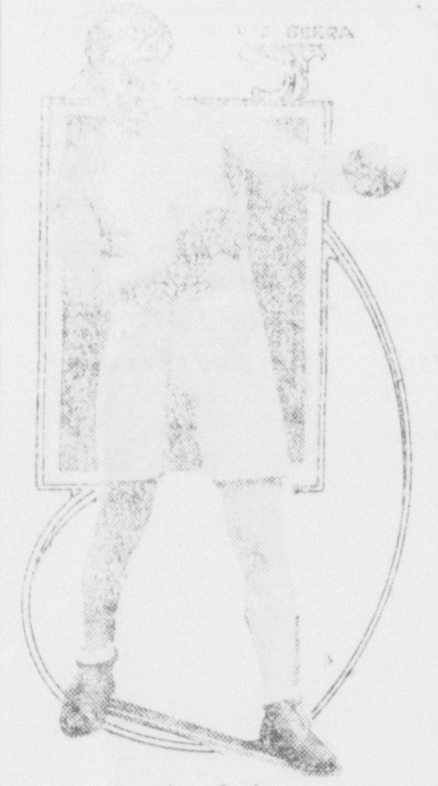

Three times have the custodians of the Wilmington baseball title met the Athletics, and three times have the Clintons returned to their native precincts with the count in their favor.

This Sunday the result is to be different, says the Athletic management, and every effort will be expended to bring about a victory for the local club. Walter Marcus, the new left hander of the Washington club, who was only recently secured from the Coca Cola's of Cincinnati, is due to face the Clinton sluggers and faith is put on him that he will breeze along for the nine full innings in winning fashion.

Another surprise awaits the fans, it is said. For it is highly probable that some new material may be seen this Sunday wearing the colors of the Athletics.

The Washington management has begun to think that the Weatherman has some spite at them in particular, for on two successive Sundays he has been the judge of play and it has always been a shutout in favor of the elements. On the 15th it rained at Wilmington and last Sunday the rain so drenched the local park that it was impossible to play. It will all be forgiven by the fans if ideal base ball weather is afforded for the encounter this week end.

MEETS YOUNG WEBB HERE AUGUST 30

Joe Serra

Few mitt welders in the game today have had more ring battle than Joe Serra, 140 pound boxer who hails from Columbus. Serra has met all of them and is versatile enough that he is willing to give away a few pounds to an opponent in order to get a match.

Joe is scheduled to meet Young Webb of Dayton in this city August 30 at the Armory over the ten round route. Webb is of Serra's weight and of the same ability as a boxer and a real milling is expected by the fans.

For the preliminary Tom Hillery, local strong boy, and Johnny Anderson, of Columbus, another beginner, will exchange courtesies for a six round period. Both boys are ambitious and anxious to make a good showing.

ALMOST 50,000 'THREE CENTERS' STILL ON HAND

Almost 50,000 three-cent stamps are in stock at the local postoffice, although the sale of this species of stamp was discontinued more than a year ago.

The stamps are being used in sending out parcel post packages and on any mail matter which enters the office for shipment through the postoffice department. In this way the number is being steadily reduced, al-

though it will take some time to use up all the three-centers.

This condition, of having great numbers of three-cent stamps on hand, is said to exist all over the country, and it will probably be months before the supply will be down to normal.

WASHINGTON GREYS LOSE AT LONDON

Chief McCall, First Baseman on Athletic Team, Meets With Accident That Will Keep Him Out of Game.

Although the Washington Greys were strengthened for their game with the Houstonia Club at the Madison County Fair grounds Wednesday afternoon they lost the decision by one run, the Houstonia team winning 4 to 3 in six innings.

Hunter pitched for the locals and did a fairly good job, allowing very few hits and errors were mainly responsible for his defeat. Snag Emery worked behind the bat with Chief McCall on first, Pine on second, Wheaton on third, Nip Jones at short and Noon, Turner and Rehl in the outfield.

Chief McCall's right hand was spiked so badly that eight stitches were required.

The Senate Committee

There is, unfortunately, too much truth in the assertion that the investigation by the Senate committee, into the much discussed subject of campaign contributions and campaign expenditures, will settle nothing definitely and satisfactorily.

That subject of campaign funds and expenditures has become an essential part, by the long acquiescence of the American public, of political campaigns and, so far as any promise of definite "adjudication" of the facts in dispute, by the Senate committee, or any other official department is concerned, seems certain to be argued until the end of the present campaign.

The fact about the matter is that the Senate committee is composed, for the most part, of politicians elected to office and, unless the present committee is wholly different from its predecessors, it may be expected to reach a disagreement on party lines.

It would be unusual, even when campaigns are not on to have a committee, made up as the Senate committee is, agree on the facts where partisan advantage is jeopardized and it seems unreasonable to expect that now, in the heat of a presidential campaign, that the Republican members will join in a finding which would affect harmfully, the Republican party campaign, or to expect the Democratic members to join in any conclusion that would be harmful to the campaign of the Democratic party.

Judging the present by the past we fear that the activities of the Senate committee are only a waste of time and energy and that the public could reach the conclusion, which it must reach, with certainly as little trouble if the Senate committee would not complicate matters by a partisan hearing and a partisan disagreement.

Of course there is a chance that party lines might break down but the history of such committees is not encouraging.

The Cloud Banks Break

The heavy rain clouds, in the early days of this week, finally surrendered under the attacks of the late August sun. The heavy cloud formations which have surrounded us for nearly three weeks past broke up in confusion and scattered in disordered squads down beyond the eastern and southeastern horizon.

The sun these last August days is finally asserting some of its power. While the temperature, especially after nightfall, is unusually low even for August and while the much abused weather man is predicting more rain later on in the week, yet the welcome rays of the sun cheer us all so much that we are refusing to be gloomy about the future and, to a great extent, already beginning to forget the dark rainy days of the first weeks of August.

The followers of those seers who predict weather for the whole year through are still insisting that we are to have some hot weather before real autumn begins. If so it must "whistle in" soon now as the fall months are at hand and real October weather is making the last days of August remarkable.

Officials Assert Themselves

One of the most cheering developments in public affairs, occurring in this city for some time is the emphatic refusal of Mayor Dahl and Service Director Tracey to accept the botched up job of crossing repair work done by the B. & O. railroad on South Main and South Fayette streets and the straight from the shoulder assertion by both officials that they are determined to see to it that the railroad lives up to the agreement it made with them some time ago.

There was a determined manner very evident when the officials "spoke out in meeting" on Tuesday and declared their purpose.

They have been patient with the B. & O.—too patient most people think—and now they assert that the railroad must live up to its agreement and put in real crossings such as our citizens are entitled to have or that the city will do it and charge the cost against the railroad.

It is the intention now that the railroad company has shown its bad faith to extend no more courtesies that will result in delays and annoyances and danger to the travelers on the streets and highways. That's fine. Now we seem on the way to relief.

POETRY FOR TODAY

AUGUST

The month of August being rich arrayed
In garments all of gold down to the ground;
Yet rode he not, but led a lovely maid
Forth by the lily hand, the which was crowned
With ears of corn, and full her hand
was found;
That was the righteous Virgin, which
of old
Lived here on earth and plenty made
abound.

CAMPAIGN MAY SOON ASSUME DIFFERENT TREND ISSUES SHIFTING

Harding Speech and "Wets" Report Expected to Change Drift.

Believed Anti-Saloon Statement Will Force Candidates To Take Sides On Liquor.

BY MARK SULLIVAN
(Copyright 1920)

Washington, August 26.—Your correspondent believes that within the next few days the campaign will be given a different trend by two events soon to happen.

The first is Senator Harding's speech on Saturday. If he carries out his present intention of dealing with the Republican alternative to the Wilson version of the League of Nations that issue, as between himself and Cox, will look very different after Saturday. About this point we shall know soon.

The other event which will materially change the trend of the campaign will be given out by the Anti-Saloon League of the records of the two candidates on the liquor question.

A committee of the Anti-Saloon League has recently completed a long session at Birmingham, Ala., and is now adding some convincing finishing touches to these two records. This report of the Anti-Saloon League will not take sides, will not endorse either candidate, nor proscribe either candidate. It will merely recite their acts and speeches as public men whenever the liquor question has come before them. This report will undoubtedly bring prohibition into the foreground as an issue in the campaign.

On this prohibition question, the Republican party, the Democratic party and the Anti-Saloon League, all three, have been playing politics. More correctly, the Republican party and the Democratic party have been pussyfooting, and politics has been played within the Anti-Saloon League.

Report will End Silence
The two parties are pussyfooting on it because each party is afraid of both sides of it. The fact is that both the parties are still thinking in terms of Ohio; and in other respects, as well as in this respect, have not yet looked out from Ohio to the country as a whole.

Ohio is so close that both parties are under the obsession that they can't afford to lose either the "dry" vote or the "wet" vote in that state. The consequence is the Republicans are unwilling to announce themselves openly as "dry" for fear they will lose the "wet" vote in Ohio. For the same reason the Democrats are even afraid to accuse the Republicans of being "dry."

But the Anti-Saloon League's report, when it is published, must end this silence.

The Anti-Saloon League itself has not been wholly free from politics in this matter. The leaders of the Anti-Saloon League were present at San Francisco. They saw what was done to Bryan and what was done to their dry plank. They saw the "wet" forces gloat over the nomination of Cox. In fact the Anti-Saloon leaders were deeply shocked by the completeness of the "wet" triumph at San Francisco. Within three days after the San Francisco convention ex-Congressman Hobson, who had himself made a passionate "dry" plea to the convention sent a telegram to Gov. Cox saying:

Telegram Not Answered
"Dry forces are restive. . . National officers of the Anti-Saloon League here have asked me to get statement from you. They cite that Harding voted for Volstead act. Could you give me clear statement of your being opposed to the Federal authorization of increasing alcoholic content. This would save to Democracy millions of voters who hold this question above party success."

This telegram was sent to Cox on July 8. So far it has not been answered. There is good reason to believe that the Democrats have been relying upon certain members of their party, who are powerful in the Anti-Saloon League, to keep the league from taking any action which would do harm to Cox. On the other hand, the Republicans among the Anti-Saloon League leaders have been trying to persuade the organization to be friendly to Harding. The end of this pulling and hauling with-

in Anti-Saloon League circles has been a compromise on the plan of merely printing the records of the two men and letting those records speak for themselves.

Those records will be out in a few days. Meantime it is entirely safe to say that before the end of the campaign Harding, whether it helps him or hurts him in Ohio, will be identified with the "drys" and will get both the advantages and the disadvantages of that position; while Cox will be identified with the "wets" and will get both the advantages and disadvantages of that position.

Calls Harding Jelly Fish

On this point there is already evidence from those newspapers and propaganda organs which are the official representatives of the "wet" forces. One of these, "The National Beverages Journal," "Devoted to the Interests of Drinks, Eats, Snokes" in one of its issues last month carried on its first page a photograph of Cox over the caption, "The Next President of the United States." In the same issue this liquor journal paid its respects to Harding in these words:

"Harding and Coolidge seem to be a pretty dry crowd if all that is said about them is true, and we think it is. . . . Harding's record in Ohio has always been dry. When he ran for Governor, we made a strong organized fight against him, and Judson Harmon, our candidate defeated him by a big majority. Harding is dry all over. So much for jellyfish Harding."

This would seem to be picturesque evidence from a highly competent witness as to Harding's dryness.

In the same way, the witness of Cox is certified by another of these liquor organs, which calls itself Justice, "official organ of the retail and wholesale liquor interests of New Jersey."

This paper in one of its July issues, carries several articles under characteristic headlines. One headline speaks of "Cox's Big 'Wet' Victory." Another says, "Bryan, the Barrels, Badly Beaten." Still another headline says, "Organized Trade Ready for Big Fight." This paper's article on the campaign reads, in part, as follows:

Call It "Wet" Victory

"The nomination of Gov. James M. Cox of Ohio by the Democrats as their candidate for president is an out-and-out victory for the liberty-loving people of the country who are termed the 'wets.' His election to the presidency of the United States will be the crowning victory in the people's war against prohibition. He is opposed to its un-American principle. Gov. Cox won in spite of the Anti-Saloon League and its menacing influence. . . . He can be counted on to use his influence when elected to amend the Volstead law so as to permit the manufacture and sale of beer and light wines and lead the fight to remove the Eighteenth Amendment from the Constitution."

Your correspondent's attention was drawn to these liquor organs by a prohibition organization, which has had photographic reproductions made of the articles I have quoted from and is about to circulate them in the campaign. Of course, it would not be fair either to Harding or Cox to accept as necessarily accurate the descriptions of their views given by those wholly unauthorized papers. But what is clear is that neither Cox nor Harding can afford to let this sort of irresponsible statement of their views be widely distributed as campaign literature, without themselves stating just what their positions are.

This applies more to Cox than to Harding. By election day Cox will run the risk of being considered to be in favor of the extreme "wet" position, of repealing the Eighteenth Amendment, unless in the meantime he tells the public exactly what degree of "wetness" he does stand for. And Harding and the Republicans cannot possibly continue in the famous hope of not offending either the "wets" or the "drys."

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Among the twenty-three Y. W. G. A. secretaries who will sail from Vancouver, B. C., for the Orient, on the Empress of Asia, on the 26th of August is Miss Lina Willis, of Washington Court House, Ohio. Miss Willis will be assigned to work in China, but before entering upon definite duties will spend a year in a language school in Peking or Nanking. The group of which Miss Willis is one includes among its number an ordained woman minister, physical directors, Bible teachers and industrial workers. Nineteen of the secretaries will be stationed in China and the remaining four in Japan.

Miss Willis is a graduate of the University of Chicago, and also studied at Denison University. She has had a varied experience in social service work, having been connected with Neighborhood House and Camp Good Will in Washington, D. C., with the Neighborhood Settlement in Knoxville, Tenn., and with the Hindman Settlement. For a year she was a research clerk in the Military Intelligence Division, General Staff, Washington, D. C.

Miss Ida Harvey entertained with a six o'clock dinner Wednesday evening at her home on South Main street, honoring Mrs. Corinne Larimer, who leaves next week to make her future home in Columbus.

A pink and white color scheme was prettily introduced in the courses served, and covers were laid for five including the hostess, honor guest, Mrs. W. R. Ellison, Miss Hazel Moore and Miss Helen Lemons.

Music followed the dinner hour.

Mrs. Jennie Harvey assisted her daughter in the hospitalities.

The Wesley Chapel Mite Society met at the home of Mrs. Cora Mershon, on Circle avenue, Wednesday afternoon, with a good attendance of members and several visitors.

After the business part of the meeting, two papers were read by Mrs. H. V. Rodgers, and a reading by Mrs. Mershon was much enjoyed.

Delicious refreshments were served during the social hour. Those assisting Mrs. Mershon were her sister, Mrs. Kerns, and Mrs. Chas. Haffner, Mrs. Mills, Mrs. Smith, Mrs. McCoy, Mrs. Markley and Mrs. Greene.

On Wednesday evening the Westminster Guild of the First Presbyterian Church followed its annual custom of entertaining the Woman's Missionary Society of the same church, assisted by the Margaret Walker Circle of the Westminster Guild.

A large audience was enthusiastic over the entertainment as one of the most interesting and delightful ever given in the church.

Mrs. Wm. Boynton Gage conducted the opening devotionals.

Not having been able to secure the materials for the pageant, originally planned, the Margaret Walker Circle gave a highly entertaining little original play, cleverly worked out by Mrs. Amy Hudson, who also trained the girls.

The play presented the circle in one of its regular meetings and quite true to life, with the infusion of humor and humorous situation.

The audience fully enjoyed the excellent work of the girls. A fine review of the Westminster Guild was presented by Miss Esther Leland, her clear voice and the finished delivery adding to its interesting subject matter. This review gave insight into the splendid work of the Guild, which supports 14 foreign missionaries in foreign lands and assists in the support of 4 missionaries in the home field. It also impressed the great possibilities opened to the missionary student and worker, especially since the closer contact since the World War has opened a broader field.

Mrs. D. D. Farquhar favored the audience with a charming reading of a cutting of "Polly of the Circus," and responded to an encore. Mrs. Farquhar is a professional reader, who has been connected with the Chautauqua platform and does beautiful work.

By request Mrs. Amy Hudson sang with much sweetness, "Suffer Little Children to Come Unto Me," after which Rev. Gage closed the program with prayer.

A most delightful social hour in the basement was in charge of the August hostesses, Mesdames A. J. Walker, Jesse Hyer, A. J. Thompson, Clarence N. Baer, Roy Thompson, Laura O'Farrell, Calvin Holmes, J. W. Duffee, Nell B. Jones, Bessie Duperrell, Chas. Krepps, Walter Girard, Mace, Nettie Chaffin, Misses Rilla Coffman and Alta Sprenger.

Fall flowers were prettily used in decoration and a dainty refreshment served.

Mr. and Mrs. Joseph N. Willson celebrated their fiftieth wedding anniversary at their home in West Market street Wednesday—the anniversary of this golden milestone an occasion of the utmost interest to a host of friends in this community.

At noon there was a delightful family dinner. Mr. and Mrs. Willson, assisted in entertaining by their daughter, Mrs. Romaine Milchner, and two sons, Mr. Marsh Willson, of Boston, Mass., and Thane Willson, of Paris, Texas. Seated with them were Mrs. Willson's brothers, Messrs. Thomas and James Wright and their wives.

Mrs. E. E. Ustick and Mrs. Boss Robinson, of Columbus.

Yellow daisies formed, apropos and pretty table decorations.

Throughout the afternoon many friends called to personally offer felicitations and numerous telegrams and cards were received in addition to handsome gifts including gold pieces.

Mr. and Mrs. Willson responded with ready cordiality and appreciation to the shower of good wishes and enjoyed the day in youthful spirits, such as are rarely found in brides and bridegrooms of fifty years standing. Mrs. Willson wore a beautiful corsage bouquet of rose buds with as much pleasure as if it were her bridal bouquet.

Mr. Willson brought his bride from her Lancaster home to this city half a century ago, the ceremony having been performed by Dr. Wagoner, Episcopal rector of Lancaster. Mrs. Melie J. Hammer is the only one now residing here who attended the wedding.

Mr. Willson, who bears his eighty-two years with an ease which defies Father Time, has the distinction of being oldest man born inside the corporation of Washington Court House, now living. His father, James Willson, was one of Washington's earliest settlers and formerly owned the present Cherry Hotel block site, being the original donor of a third of the lot upon which the First Presbyterian church was erected. The Willson family were foremost among active early Presbyterians, and from that time Mr. and Mrs. Joseph Willson established their own home, they have continued the religious activities of the forebears as well as taking part in every thing promoting the best interests of the community life.

Miss Nellie Johnson of North North street underwent a tonsil operation Wednesday morning at the Stitt-Todhunter offices.

Misses Phyllis, Elizabeth, Clara and Mary Alice Davis, Howard and Willis Davis are spending a couple of weeks with their grandmother at Blazer, Ohio.

Miss Mary Alice Culhan came down from Columbus Thursday evening for a visit with her parents, Mr. and Mrs. J. H. Culhan, and sister, Miss Prudence.

Miss Tillie Cockerill has resigned her position with the Frank L. Stinson Co. store, and is leaving at once for Jacksonville, Fla., where she has accepted the position of manager of the pattern department in the Finchcott store, a large department store. Miss Cockerill's going away from this city is a source of very sincere regret to a large number of relatives, business and personal friends, where she will be greatly missed. For a number of years she has been capable at the head of the pattern department in the Stinson store and one of the firm's most faithful and valued employees. She will make her home in Jacksonville with her aunt, Mrs. Elizabeth Doster, and cousin, Mrs. Virgil Carroll (nee Elizabeth Hendryx) now residents of that city.

CLINTON BAPTIST ASSOCIATION ELECT OFFICERS

Unusual Interest Displayed In All Departments As Convention Gets Under Way.

In the first sessions of the Clinton Baptist Association Wednesday in the First Baptist Church the morning and afternoon meetings were devoted to the interests of the Clinton Baptist Sunday School Association and representatives from each Sunday school were represented in the convention.

Officers elected for the ensuing year are C. B. Gross, Hillsboro, president; S. H. Sutton, Wilmington, vice president; Miss Golda Baughn, this city, secretary-treasurer.

The retiring president, Harry E. Wood, of this city, has served for seven years as head of the Sunday School Association, having been elected to that position seven years ago this fall. During that seven years he has faithfully performed all duties of the office and appreciation has been expressed for his capable service.

Miss Golda Baughn, who was re-elected, has served for the past two years. All officers were elected for the term of one year.

In the reports given by the delegates from each Sunday School the outlook for the work in the Association appeared very favorable and all records of the past year bespoke growth and interest in the organization.

B. Y. P. U. Rally

One of the most impressive services was rendered in the opening of the B. Y. P. U. Rally held Wednesday evening which formed the second part of the convention program.

The Praise Service was led by Rev. J. P. Hendershot of Blanchester who is president of the B. Y. P. U. Association.

In the business session which followed and which included the election of officers all officers were re-elected for another year. Rev. J. P. Hendershot of Blanchester, president; George Murry of Jamestown, vice president; Miss Katherine Williams of Wilmington, secretary-treasurer.

The new office of Junior Association Leader was created and Mrs. Albert Snider of Wilmington was named for the chair.

Louis S. Gaines, State B. Y. P. U. president, a college man, who is in his third year at Denison University, delivered the address for the evening. His subject was "Efficient Baptist Young People and Religious Work." His earnestness and manner of dealing with his subject found much favor with his audience.

Association Convenes

Thursday morning at nine-thirty o'clock the Clinton Baptist Association proper went into session in charge of Moderator Howard McCune, of Wilmington, one of the oldest men in point of service in the Association. For fifteen years he has acted in the capacity of Moderator assisted by the clerk and treasurer, Howard Collett of Wilmington, who is also one of the oldest men in point of service.

The opening devotional service was conducted by Rev. E. M. Miller and the introductory sermon was delivered by Rev. N. E. Bennett, his subject: "The Gospel of the Glory." Rev. Bennett is said to be the oldest minister in the Association. For years he has been pastor of the Jonah Run church.

Rev. C. H. Sterrett of Dayton gave the morning address, "Constructive Associational Work and the New World Movement."

FUNERAL SERVICES GOOD HOPE WOMAN

The funeral services which honored Mrs. Elizabeth Pepple, Wednesday morning at the Good Hope M. E. church were in keeping with the quiet and simple life, which she lived. Rev. Harrop, Presbyterian minister of Pisgah, conducted the services and made an appreciative talk of her life, speaking of the church's loss of a real Christian woman.

Friends and relatives from both the Pisgah and Good Hope communities gathered with the family for the services.

Burial was made in the Good Hope cemetery, Messrs. Thornton Robinson, Os Kerr, Ed Scott, Carl Kerr, William Parrett and William Miller acting as pallbearers.

FUNERAL SERVICES LARGELY ATTENDED

Relatives and friends crowded the home of the late Mr. Frank James Wednesday afternoon for his funeral services held at three o'clock. The large gathering was highly significant of the great number of friends who had held Mr. James in high regard and sorrowed with his family.

Rev. J. L. McWilliams, of Wilmington, conducted a beautiful service of marked simplicity, reading the hymns "Asleep in Jesus" and "Crossing the Bar".

The officiating minister made a heartsome talk, speaking of the many excellent traits possessed by Mr. James, the jovial geniality which had been a factor contributing to his popularity, and the conscientiousness with which he has lived out his days, part of the years spent in the west and south, but most of them in this county, where he was born.

The burial was made in the Washington cemetery, to which a large part of those at home accompanied the family. The pallbearers were Messrs. John McFadden, Roy Hagler, James Perrill, J. Herbert Chapman, Frank Huston and Charles McWilliams of Greenfield.

The flowers were in great profusion, in addition to the many personal gifts, lovely designs from the neighbors, Washington Ice Co., and Big Four Railroad.

Included among the relatives were a number from Frankfort, and Mr. and Mrs. Charles James, of Elyria; Mr. and Mrs. George James, of Indianapolis, Ind.; Mr. and Mrs. Chas. McWilliams, of Greenfield; Mr. and Mrs. Fred Schmidt, of Springfield; Mrs. Rachel Mae Foster, Mrs. Will Lee, Mr. John Foster, Mrs. Clarence Ewing, of Waverly.

FORMER SEC'Y WILSON DEAD

(By Associated Press.)

Traer, Iowa, August 26.—James Wilson, former Secretary of Agriculture, died at his home here today.

VICTORY MEDAL IS ON DISPLAY

First Medal To Be Received Is The Award Of Grateful Government For Heroic Service.

The first Victory Medal to be received by a Fayette county former service man is the property of W. B. Hyer, former Sergeant in M Company, 166th Infantry, Rainbow Division, and is on display in the show window of the Craig Bros. department store.

Application for the medal was made some time ago through the Columbus Barracks. It is a beautiful bronze medal and across the ribbon are the battle clasps representing the campaigns in which the Sergeant participated.

Medals applied for by former service men through the local chapter of the American Legion are expected to arrive soon and they will be of the same description as the medal received by Mr. Hyer. One battle clasp is given for each engagement or campaign.

YOUR OPPORTUNITY

Today offers to you the investment opportunity of a generation. The prices of high-class investments are lower now and the income returns from them higher than they have been for years.

The dollar you spend for commodities today will buy only about what you paid 50 cents for a few years ago. The dollar you save and invest today, however, will buy more than 100 cents worth of securities.

Moreover, the dollar saved today will, when normal conditions return, buy the same amount of commodities that would cost you about \$2 today—its purchasing power, in other words, will have doubled. And in the meantime, if invested, the dollar will have been commanding a high "rental" for you.

Ask us to explain what this means to you personally.

A decoration and a safeguard to your home

A real roof must be more than a watershed. It must be sightly. It must be fire-safe. It must last. A roof of Johns-Manville Asbestos Shingles meets all these requirements, and in addition, is moderate in first cost with no continual upkeep or painting expense.

JOHNS-MANVILLE Asbestos Shingles

give the permanence and fire-protection of asbestos; while their soft, warm colors harmonize with any architectural scheme or natural surroundings. Because of their material—asbestos fibre and cement—they cannot burn. And as they age on the roof, they become harder and more durable, a veritable roof of stone, impervious to fire and the elements.

We can supply Johns-Manville Asbestos Shingles in various sizes and shapes, with rough or smooth edges, and in four colors—a deep red, a warm brown, a dark gray, and in one of the sizes—a composite of blended brown shades called "Conglomerate Brown." We will be pleased to advise you concerning a distinctive roof for your residence.

FARM BUREAU ESTABLISHING CENTRAL OFFICE

Arrangements Being Perfected to Supply Members With Information.

Later on a Live Stock Exchange May Be Established.

Central offices—headquarters and information bureau for the Fayette County Farm Bureau—have been opened at 205½ East Court Street, directly over the Victory Confectionary.

Until an executive secretary can be secured a clerk will have charge of the offices who will probably be assisted for a time by different members of the executive committee.

It is the plan of the Farm Bureau to make these offices headquarters for Fayette farmers with all privileges thrown open at all times and whenever the Bureau can be of service. Both phones will be installed and the local Bureau will be able to keep all its members in direct touch with all matters pertaining to agricultural interests and all information will be at the disposal of the Fayette farmer.

Although no definite arrangement has been made the Bureau expects to secure the latest market quotations on live stock and grain from the three larger market centers and will have these on file.

Another project which has taken shape with the establishing of central offices is that a Live Stock Shippers Association will probably be formed and the heads of that department will work in connection with the secretary of the Farm Bureau and will occupy the same room.

The movement has already been started to name a committee whose duty it will be to organize this association. It is pointed out that greater shipping facilities would be secured with this arrangement.

HORSE AND BUGGY AGAIN DISAPPEAR

Parents Say Boys Started to Return "Borrowed" Rig But Entire Outfit Has Disappeared.

To have recovered a horse and buggy the day after it was taken from the hitching racks on the Main street side of the court house square, and then to have it retaken before they could get their hands on it is what happened to the officers.

When a man living on the Jamestown pike, about nine miles out of this city replying to the sheriff's query stated that there was a horse and buggy, answering the description given at a neighbor's home, the neighbor was called and said the boys were on their way to return the "borrowed" rig. They have failed to show up and authorities here and in surrounding counties are on the lookout for them.

It was stated at the sheriff's office that Joe Vance, 21, and Joe Merritt, 16, the son and stepson of Mr. and Mrs. Milt Merritt, are wanted. Mrs. Merritt told Deputy Sheriff Nelson, it is said, that the boys stated to her that they had borrowed the outfit and were returning it. How they got information that the officers were on their track has not been learned by the Deputy.

Every officer in surrounding towns has been notified and the description of the rig and the men driving it is in the hands of each authority.

Tire Prices

Some False Ideas About Them

Should an extra price buy an extra grade tire?

It should not. Any first-grade tire should be built as well as a tire of that type can be built.

Cord Tires cost more than Fabrics, and are worth the extra price. Men who figure cost per mile are coming to Cord Tires.

But any tire, Cord or Fabric, should be built for the utmost service which that type can give.

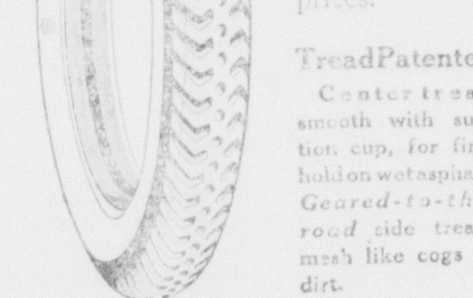

Some Men Over-Pay

Some men pay extra prices, expecting extra mileage. Some pay under prices for an under-grade, and hope to save in that way.

Both are wrong. There may be exceptions—there are always freak tires. But countless tests have proved that Miller Tires at Miller prices, on the average, give the lowest cost per mile.

And Miller Tires, both Cord and Fabric, cost about the standard prices.

Tread Patented
Center tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-road side treads mesh like cogs in dirt.

We Insist on This

There are three requirements which Miller Tires must meet.

First, they must average greater mileage, type for type, than any rival tire.

We constantly prove this. Eight machines in our factory run two tires each under rear-tire conditions. Each tire is run 650 miles daily by running extra-fast.

Won Over 21 Makes

The Eldorado Stage Co. of Los Angeles tested 21 other makes against Millers on 12-passenger Packard Buses, weighing 8,600 pounds loaded. In this supreme test Millers won by long odds, on long-distance uniformity.

Here we constantly compare the best other tires with Millers. Also in ceaseless road tests. Thus, day by day and week by week, we are guarding the Miller supremacy.

SPEED "COP" NOW ON DUTY

Mayor To Enforce The Speed Limit Ordinances "To The Letter."

Mayor V. J. Dahl, with the consent of the City Council, has placed a motor cop on duty temporarily in this city.

In warning to drivers of motor vehicles the Mayor declares that he will enforce the speed laws "to the letter" and that arraignment in court will be followed by stiff fines.

Speed laws in this city are a fifteen mile limit in the congested districts, and a twenty mile an hour limit in the outlying districts of the city.

Repeated warnings by the Mayor against speeding have not brought results and the action of Mayor Dahl in placing a speed cop on duty is the only protection it is declared.

The new officer is Frank Miller,

who has had experience in years past in dealing with violators of the speed limit.

son and was a signal success from every standpoint. The crowd included people from all over Fayette county and adjoining counties, Greene and Madison counties being especially well represented.

From early in the morning until almost sundown there was something going every minute and keen rivalry was displayed in every contest during the day.

One of the leading features of the day was the two hour talk by Hon. Simeon D. Fess, Representative from the Seventh Congressional District. Mr. Fess talked along lines of production and maintained that the people must see to it that production keeps up with the increase in population or the shortage in every line of necessity will become acute within a short time. He declared that concerted action must be taken along that line all over the nation.

In the morning program there was every sort of amusing picnic attractions including a greased pole, sack race, one hundred yard dash, horse race, fango hitting, horse shoe pitching and quilt pitching.

In the horse race, a one-fourth mile dash and no horse barred, first money was taken by John Patrick, second by Charles Anderson, and third by Tim Purcell. The race was for three heats out of five.

Roy Young of Jeffersonville won the 100 yard dash but surrendered his place in the awards to a boy who was present from the Old Fellow Home at Springfield in order that he might get the cash prize.

Milledgeville won the quilt pitching contest, defeating Jamestown by a score of 5 to 4.

At the noon hour hundreds who had brought their dinners spread them beneath the trees and an hour was given over to the dinner and rest period.

The afternoon was filled with scheduled events which included a baseball game between the Jeffersonville Tigers and the Milledgeville team. Jeffersonville won in the jig fashion by a score of 12 to 1. The battery for Milledgeville was Morris and Adams and for Jeffersonville was Hieronimus and Mathews.

Splendid music was furnished by the Boys' Band of the I. O. O. F. Home at Springfield. The band is made up of twenty talented youngsters and was heartily encouraged.

The I. O. O. F. Order of Milledgeville heartily deserved the success of the event for the work and time expended in making the day one of enjoyment for hundreds and announcement was made immediately after the picnic was over that the Fifth Annual Picnic would be held next year.

The Committee in charge under the direction of Ulric T. Acton, was Grant Morgan and Cary Giddings.

LUCKY STRIKE

"IT'S TOASTED"

—the Cigarette

If you are a cigarette smoker, and unacquainted with Lucky Strike, buy a package today, and find out for yourself why they are so popular.

You will at once notice the delicious flavor of Burley tobacco, delivered to you absolutely fresh. It's toasted.

—the Tobacco

To pipe smokers Lucky Strike tobacco offers the same exceptional flavor as the famous cigarette. Made from the finest Burley tobacco—it's toasted for your pipe.

If you don't know how delicious toasted Lucky Strike is ask for a tin today, and taste!

IT'S TOASTED

The Burley tobacco leaves have pores, like a sponge. When "it's toasted" their pores are closed, the flavor sealed in, permanently. When you burn Lucky Strike in your pipe or cigarette, you are releasing the original Burley flavor that was sealed in by toasting. Exactly that. Heat seals it in, heat releases it.

You know how a bee seals in the flavor of honey with the thin coating of wax. This coating holds in that delicious honey flavor until it's used.

Just so the toasting process seals in the Burley flavor. This flavor is preserved until you release it by smoking. A wonderful process and a great discovery for smokers.
